

Sistema de Avaliação / Escala classificação ECTS* Assessment System / ECTS Grading Scale*

The Portuguese Higher Education Classification¹ is based on a numerical scale of 0 to 20, as well as its equivalent in the European Credits Transfer System (ECTS). The pass mark ranges between 10 and 20 and the average marks is 14.

After the completion of studies, a Transcript of Records (ToR) will be issued to incoming students awarding the ECTS credits and final grades, according to the Portuguese and ECTS grading system. These credits represent the quantity of work completed by the student (workload). In the IPBeja the ECTS grading scale is related with the several degree programmes and the final grade issued varies accordingly to the programme to which the unit course attended belongs to.
